<b>Similarity:</b>	81%

## Legal Notice

This report documents the results of a facial recognition similarity search conducted using the Protevio AI platform. The information contained herein is provided for evidentiary and informational purposes and may be used to support:

- DMCA takedown requests under 17 U.S.C. Section 512
- GDPR right to erasure requests under Article 17
- Legal proceedings related to unauthorized use of personal images

- Reports to law enforcement regarding identity theft or harassment

Protevio AI matches faces based on mathematical similarity of facial features. A high similarity score indicates a strong visual match but does not constitute definitive identification. Results should be verified independently.
